## AUTISM INDEPENDENCE TRAINING SERIES #1 Friday, April 5, 2019 For Parents and Caregivers of All Age Children with Developmental Disabilities

### IT IS NEVER TOO SOON TO TALK ABOUT YOUR CHILD'S FUTURE

To parents and caregivers, this day is for you to gain important information. You will learn how to process everyday life as you plan for your child's future. You will discover how to move through negative emotions and turn your fear into courage as we discuss the art of "letting go". Most of our children will outlive us. As parents it is our job to make sure that we have a plan in place and that our children reach maximum independence. It is not easy, but it must be done. In this training you will all learn together in a safe, nurturing environment how to help you and your child live the best life possible.
